Park School is celebrating One School, One Book from February 18th through the 28th. Our

book is about science and supports this year's theme. Always Wonder. Always ask questions! The title of the book is The Case of the Gaspings Garbage by Michele Torrey. It is the first of the series, Doyle and Fossey, Science Detectives. Doyle is a science Detective and Fossey is a naturalist detective. Together they solve mysteries using the scientific method.

Park school will be doing various activities in the classroom while reading a chapter a day. For the One School, One Book final event the Lake Metroparks Education Programs will present a science assembly and science stations for all the grades.

SPRIT WEEK!! Help us celebrate One School, One Book

Friday - 2/21 - Color Green and/or Frog t-shirts

Monday and Tuesday - 2/24 & 2/25 - Decorate your Thinking Hat

Wednesday and Thursday - 2/26 & 2/27 - Wear a shirt with a kind message

Friday - 2/28 - Wear your Science t-shirt or sweatshirt!

TUESDAY

Beef or Chicken Taco

WEDNESDAY

French Toast Sticks & Sausage

THURSDAY

Cheese Ravioli & Garlic Bread

FRIDAY

Pizza Hut Pizza

EVERYDAY LUNCH ALTERNATIVES: PIZZA, PB&J, SALAD OR YOGURT & GRAHAM CRACKERS

STAFF SELFIE OF THE WEEK - MRS. LANNON

Hi, my name is Robyn Lannon. I have a Bachelors of Fine Arts and my Teaching Certificate for Pre-k -3, a 4-5 endorsement, and a K-12 Intervention license. I am currently taking classes on anxiety and ADHD. I have taught for the past five and a half years. A half year was teaching for an MH Unit as a long term substitute at Rice Elementary in Mentor. I also taught three years in fourth grade at Park Elementary, one year in fifth grade at CMS, and this year at Park in first grade.

I live in Chardon with my husband, two of my three daughters, and my dog, Lola. All three of my girls went to Park and graduated from CHS. The oldest, Riley, graduated from WVU with a degree in engineering. She works as a civil engineer in Virginia. She is married and has two dogs. Rachel will graduate from Kent this May from the School of Nursing, and Tess is at WVU studying chemical engineering.

I enjoy climbing mountains, camping, canoeing/kayaking, making baby quilts, and reading on the beach. I guess I should say I enjoy traveling, too! I spent a total of nine days in Chardon last summer due to trips around the United States and Europe.

I want my students to know that I care about them, and that I will always be challenging them to be their best. My goals for them are to enjoy reading, become explorers of knowledge, and to never give up!

SOFTBALL LEAGUE
2020 Registration is OPEN!

Girls Divisions:

8U (Birth years 2011-2013)

10U (Birth years 2009-2010)

Pony	13 and 14 yrs old OR 7th Grade	\$130.00
Colt	15 to 18 yrs old OR 9th grade	\$150.00

Dear Parents:

We are getting ready to kick off our American Heart Association Fundraiser in PE class (also known as Jump Rope for Heart). Students will be joining up with Perrie, Knox, and other heart hero funds to help win the race against heart disease! This event will take place in our PE classes during February. Our students will be doing a variety of Heart Healthy Activities to promote heart health, both physically and emotionally to provide a foundation for not only heart health, but for a health future!

Our students today are facing some tough issues. The latest studies show that more than 50% of children in this country are not getting the physical exercise they need to be healthy. Nearly 1 in 5 is obese. That could lead to serious health problems down the road.

We're out to change that with the Kids Heart Challenge, a tremendous program from the American Heart Association. It features exciting ways to make exercising fun: hoops, jump, dance and a Warrior obstacle course. Plus, students will learn how the heart works and the importance of eating right to stay healthy. Did you know that approximately 9 out of 10 children are reported to have a poor diet? Right now, we're asking for donations for the Kids Heart Challenge. The money will go toward research and education that will help save lives in our community.

I've challenged my students to reach out to as many friends and family as they can to help meet our goal. When you make a donation, our school will also get money for new PE equipment, so we can continue keeping our students active and healthy. You can also reach out to friends and family to ask for donations as well. Donations can be given online, or in person.

Your children will be coming home with permission slips to be allowed to participate in the fundraising portion of this event. There are easy directions on the form as well if you wish to sign up online, and get donations that way as well!!

Thanks so much in advance, more information will be following as we are getting pumped up to show our students how to care of their hearts and bodies with cardio pumping challenges and activities!!

Mrs. Mary Pat Martin (marypat.martin@chardonschools.org)

Mr. Jordan Hazen (jordan.hazen@chardonschools.org)
